*As you will see from the table, your referral fee can be as much as £300, the actual amount being dependent upon the deal selected and the client's loan amount. In order for us to offer a fixed price, the size of the referral fee has to vary due to the Land Registry Fees charged by HMRC varying; the higher the amount of the mortgage, the higher the Land Registry Fee, which means a lower referral fee. This is also the reason why this offer is only available on remortgage amounts up to £1,000,000; anything above this and the Land Registry Fees become too high to leave any room to pay referral fees.

**BACS is an electronic payment method that takes 3 working days. Your client will be offered a faster Telegraphic Transfer payment method (additional cost of £30 + VAT) if it works in the client's best interest to take this option instead.

What's not included – Some cases will unavoidably incur a supplement e.g. cases involving Leasehold properties, Buy to Let properties, properties with Unregistered Title, Transfers of Equity, Shared Ownership/Shared Equity properties etc. Please also note that a small number of lenders do not accept Search Indemnity Insurance and may insist upon full searches being carried out which would also be at an additional cost.

In circumstances where additional costs are likely to be incurred, it may be worth running a comparison quotation against our standard deals as these are calculated using a different charging structure. The standard remortgage also allows you to choose the amount of your referral fee and offers a choice of which firm will act.
